PHILIPPINE FLOODS

Has Been Raining and Storming Constantly For Almost Two Days.

SOLDIERS ARE SUFFERING

Many Discomforts and In Some Cases Sleep With Three Feet of Water Under Their Bunks—All Streams Are Swollen and Manila Bay Is Improbable of Navigation.

Manila, July 10.—It has been raining and storming almost constantly for two days and the country along the American south and bay lines is literally flooded. The soldiers are suffering great discomfort. The Thirteenth Infantry regiment at Pasay is in the worst position, being practically surrounded by water. The bridges that were used for getting supplies have been washed away and some of the companies are now separated by streams six feet deep. In many cases the men are sleeping with three feet of water beneath their bunks, which are elevated on cracker boxes. The company cooks, when preparing the meals, stand knee deep in water.

Some of the roads leading to Pasay are simply impassable and the ricefields on all sides are one great lake. A high wind blew over several tents of the Second reserve hospital.

Manila Bay is impossible of navigation by either launches or canoes and no vessels are leaving the harbor.

The United States transport Centennial is ready to sail for San Francisco with discharged soldiers, but the latter have to sit around the water front all day, drenched to the skin, waiting for a launch to take them to the steamer.

The river Pasig and all the other streams are swollen and the city streets at low points are covered with water.

NEGOTIATIONS FAILED

Friendly Natives Tried to Secure Desertion of a Filipino General.

Manila, July 6, via Hong-Kong, July 10.—Friendly Filipinos in Manila have been the medium of communications between the American authorities and the military leaders of the insurrection in Cavite province, which for some time promised to result in bringing over a prominent general and several hundred of his followers with their arms. If the negotiations had succeeded the outcome would have had a great moral effect, for other defections doubtless would have followed.

Were the general's name given it might lead in his case to a fate similar to that which has befallen other Filipinos suspected of friendship to the Americans. He had foreseen the failure of the insurrection and advised Aguinaldo to make terms, but it is understood he has sent word to the Americans that, having sworn to support the insurrection, he must remain loyal to the end.

Similar negotiations are said, on good authority, to have been conducted with a member of the cabinet of the so-called Filipino government, who himself took the initiative. Some form of money consideration figured in the discussions with his friends.

KRUGER'S REFORM

Proposals Satisfactory to Afrikaners, but Not to Imperialists.

Capetown, July 10.—W. P. Schreiner, prime minister of the colony of the Cape of Good Hope, says the Cape government regards the Transvaal's reform proposals as adequate and calculated to insure a peaceful settlement. The colonial premier, however, represents the Afrikaner element.

Sir John Gordon Sprigg, former prime

The doctor looked wise and said it was "nervous indigestion." But he didn't cure it. So Mr. Thos. G. Lever, of Lever, S. C., wrote to Dr. Pierce, of Buffalo, N. Y. And now Mr. Lever is well.

Dr. R. V. Pierce is and for thirty years has been chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo. During this time

he has probably treated more cases of chronic, or lingering, diseases than any other physician in the world.

Invalids from all over the world write to him and receive advice free of charge. During the early years of his practice Dr. Pierce compounded his "Golden Medical Discovery" which he has used ever since in treating all affections of the lungs and bronchial tubes; for purifying the blood; for toning up the nerves and whenever an honest reliable non-alcoholic tonic was needed. In connection with it, he prescribes what other special medicine may be required in exceptional cases and gives directions as to diet and hygiene.

The result is health.

Mr. Lever writes:

"I was afflicted with what the doctors called nervous indigestion. Took medicine from my family physician to no avail. I thought myself incurable as I suffered so much with pain under my ribs and an empty feeling in my stomach. I was getting very nervous and suffered a great deal mentally, thinking that death would soon claim me. I was irritable and impatient and greatly reduced in flesh. I could scarcely eat anything that would not produce a bad feeling in my stomach. I wrote Dr. Pierce. He prescribed his 'Golden Medical Discovery' and 'Pelle's' and gave me some simple hygienic rules. I am well again. I believe the 'Golden Medical Discovery' and 'Pelle's' will cure any case of indigestion, torpid liver, or chronic colic."

Insist upon having "Golden Medical Discovery" for nothing else is "just as good."

minister and colonial secretary, who is an ardent Imperialist, considers them totally inadequate to meet the just claims of the outlanders, and altogether less than Sir Alfred Milner, governor of the colony, and British high commissioner for South Africa, demanded of President Kruger at the Bloemfontein conference.

Absurdly Insufficient.

London, July 10.—According to the Johannesburg correspondent of The Daily Mail the outlanders regard the Transvaal government's proposal as "absurdly insufficient."

The Rome correspondent of The Daily Mail says: The pope has been in correspondence with President Kruger, appealing to him to avoid a rupture with Great Britain, and yesterday he received a dispatch from the Transvaal's chief magistrate declaring that a settlement was still distant, but that the crisis was past.

Will Be Prosecuted For High Treason. Pretoria, July 10.—The Transvaal government has decided to prosecute on the charge of high treason the three principal defendants whose complicity in the recent attempt to promote a rebellious rising at Johannesburg has been for several weeks under judicial investigation.

Recruiting at Lexington.

Lexington, Ky., July 11.—Lieutenant Johnson in charge of the recruiting station here, under orders from Washington, began recruiting today for the additional regiments provided for in the recent order to raise troops for the Philippines.

Antifactual Candidate.

Niles, Mich., July 10.—Philip T. Colgrove of Hastings has formally launched his boom for the governorship as a geographical and antifactual Republican candidate.

FAIRBANKS-FOSTER

Alaskan Boundary Party Returns to Tacoma From the Klondike.

Tacoma, July 10.—The Fairbanks-Foster Alaskan boundary party returned from the north yesterday, and interviews with members of the party indicate that the watershed on White pass, back of Skagway and Dyce, will be accepted as the international boundary line at that point. The White and Chilkoot passes constitute the storm center of the Alaskan boundary. At those points the Canadians hope to secure concessions that will enable them to anchor down a port of entry into the Klondike goldfields. All other parts of the country thereabouts where concessions are looked for are of little importance compared with the Linn canal, which is the key to the situation.

Senator Fairbanks, when interviewed, placed importance on the fact that he must sit with the joint high commission in August, but declined to state what lines of argument he would take up. He expressed great satisfaction at having made the trip.

Regarding boundary matters that were discussed during the four weeks spent in Alaska, Senator Foster declined to speak.

NOTHING ON

But Cuban Atmosphere, Guns, Belts and Ammunition.

Nashville, July 10.—A letter received by Will T. Hale of this city, from his son Charles, now in Santiago, Cuba, gives some insight into the yellow fever situation there. He is an officer in the Fifth United States infantry. The letter says: "Since I wrote you last your fever has broken out here. It carried off four members of the regimental band in three days and in two weeks we have lost 27 men out of our regiment. Four of these were of Company M, the one to which I belong."

"One night at 9 o'clock the physician made us get outside the barracks with nothing on but the Cuban atmosphere, our guns, belts and 100 rounds of ammunition. He would not allow us to carry a rag out with us. The next morning our company was divided up into small squads in charge of a non-commissioned officer and scattered all about the country."

ITALIAN STATESMAN'S

Rooms Riddled in Paris While He Was on His Deathbed.

Paris, July 10.—Scandalous reports are in circulation in connection with the death here of Signor C. Rissman, formerly Italian ambassador to France. It is alleged that, while he was lying at the point of death, three persons, including an official of the Italian embassy, rifled his rooms and took away a quantity of papers.

The antisemitic journals connect the story with the Dreyfus affair. It appears that about a fortnight ago Signor Rissman had an immense quantity of documents destroyed, declaring that if they were left they might "harm various people."

It is also suggested that the search may have been instigated by Signor Crispi, the former Italian prime minister, who practically dismissed Signor Rissman from the Italian embassy in Paris in 1895 because the diplomatist had failed to make the French press favorable to the Crispi government.

Shippin Clark (to his employer, leaving the office)—Oh, Mr. System, haven't you forgotten your umbrella? It's raining.

Mr. System—Can't help it. I have made a resolution to have one here and one at home, to provide for all emergencies. Now, if I take this one, they'll both be at home.—London Fun.

The languages in Palestine are Aramaean and Hebrew, even the smallest children speaking the purest Bible Hebrew.

There are said to be 5,000 temperance societies in London.

GEN. LUDLOW'S BALL

Given at Havana Saturday Night in Honor of Independence Day.

OVER A THOUSAND GUESTS

Availed Themselves of the Opportunity to Attend the Greatest Social Function Occurring in Havana in Recent Years—Number of Cuban Troops in Santiago Causes Surprise.

Havana, July 10.—The reception and ball given Saturday evening by General Ludlow, the military commander, outshone every other social function in Havana in recent years. Innumerable red, white and blue electric lights, thousands of roses, hundreds of flags, and no end of sabers, bayonets and rifles, artistically grouped, made the scene within the palace memorable. More than 1,000 guests attended. Music was furnished by two military bands. All the foreign consuls were in evidence, most of them wearing glittering orders, and many of the women wore handsome jewels. General Ludlow gave the function in honor of Independence day, and the representative Cubans and Spaniards of Havana were present.

American officials here are surprised at the large number of Cubans now applying in the province of Santiago for a share in the American gratuity. The Cuban officers had assured them there were not 100 men in the province who would accept money from the United States, basing the assurance on telegrams, which purported to come from Santiago. Even when it became known these dispatches were inspired by Cuban malcontents here, it was still felt that these opponents might be able to prevent a large number from applying to the American paymasters.

Those who knew the facts of the case believed the Santiago insurgents were much underestimated on the payroll, especially as the Cuban generals had always claimed that more than 60 per cent of the army was in Santiago province. It turns out the jealousy that existed in war times between the eastern and western troops still exists and that those in Santiago province are more likely to reject than accept advice from Havana.

At Sancti Spiritus, out of 180 men mustered out, payment has been made to 175. Sixty weapons have been delivered to the mayor of the city. Two hundred and eighty-four applications have been refused. The supplementary lists will be ready in about 10 days.

El Diario de la Marina asserts that a farmer was recently robbed by a band claiming to belong to a new junta organized to oust the Americans by war if necessary. It does not give the name of the farmer or locate the farm, except to say the robbery took place near Mariel.

A prominent Spaniard said last evening that most of the letters received by local business houses show a decided hesitation to extend operations in Cuba until matters are more tranquil.

POLISH-AMERICANS

Declare Themselves Opposed to Anglo-American Alliance.

Chicago, July 10.—The Polish residents of Chicago, at a meeting last night denounced an Anglo-American alliance. The following resolution was adopted: Resolved that we Polish-American citizens can see no reason for an alliance between this government, for whose establishment Kosciuszko fought and Pulaski died, and that of England or any other monarchial power; that neither the traditions, the instincts nor the necessities of the American nation call for such an alliance, and that we, as Polish-American citizens, protest against it and pledge ourselves to vote and work against any political candidate or party who may advocate it.

INDIAN CURRENCY

Parliamentary Committee Recommends the Gold Standard.

London, July 10.—The report of the parliamentary committee on Indian currency just issued in the form of a blue book, approves the decision of the government not to revert to a silver standard. The report says in conclusion: "The effective establishment of a gold standard is of paramount importance to the material interests of India, not only to promote existing trade, but to encourage the influx of capital."

TEXAS FLOODS

Property Loss Will Reach \$8,500,000. Loss of Life Exaggerated.

Galveston, July 10.—Probably 20,000 negroes in the flooded district are now being fed and will need to be sustained for some time by the relief committees. The water is falling at all points except in Brazoria county. All sorts of estimates are made as to the amount of the cotton loss. An estimate of 50 per cent is considered conservative. This would be a money loss of \$5,000,000. The loss sustained by the destruction of other crops, houses, fencing, stock and bridges will be \$2,500,000, while the loss to the railroads is probably \$1,000,000, making a total of \$8,500,000. Owing to the exaggerated reports circulated as the loss of life in the recent floods, The News has made a special effort to secure the facts from each county. Reports received from 13 counties show a loss of 37 lives from drowning.

Millionaire and Philanthropist Dead

New York, July 10.—P. D. Moxhap, a millionaire and philanthropist, died at his home in Vineland, N. J., yesterday, aged 78 years. He accumulated most of his wealth in the mining business in Montana.

Drowned While Swimming.

Beloit, Wis., July 10.—George and Louis Grimm, brothers, aged 12 and 14 years, respectively, were drowned in Rock river while swimming yesterday.

HORSE SUICIDES

Locked in a Barnyard, He Becomes Mad and Dashes Out His Brains.

Rushville, Ind., July 10.—A large bay horse, owned by Squire John Dearinger, committed suicide Saturday by butting its head against a gatepost. The horse was confined in a lot, through which some work horses were taken, and the bay followed in their rear. The work horses passed out of a gate, but the bay was locked in the barnyard. He pranced and dashed around and seemed disappointed and angry because of not being permitted to follow the others. Bending low his head he dashed against a gatepost and crushed his skull between the ears and died almost instantly.

FLINT GLASS WORKERS'

National Convention in Session at Muncie.

Muncie, Ind., July 10.—The national convention of Flint Glass Workers was convened today with William S. Smith, president, in the chair. There are over 200 delegates present. Last night there was a meeting of delegates and other flint glass workers with members of the Green Glass Workers' and Green Glass Pressers' organizations. It was the first meeting to discuss the question of amalgamating the three organizations. It is thought the vote to amalgamate will carry.

Pensions Granted.

Washington, July 10.—Pensions have been granted to Indians as follows: Original—Jonathan C. Holloway, Potomac, \$6; George G. Montgomery, Westchester, \$6; James S. Ostrander, Richmond, \$6. Additional—Samuel Cummings, Huntington, \$6 to \$8; William G. Beadles, Noxide, \$6 to \$12; John McCool, Newburg, \$8 to \$12. Reissue—John Stevenson, Noblesville, \$24; Milford Young, Unionville, \$12; Warren Brookway, Armiesburg, \$17; Ezra Watts, Fertilville, \$14. Reissue and Increase—William Myers, Baker's Corner, \$12 to \$17. Original Widows, Etc.—Mary Miller, Indianapolis, \$8; Nancy Mullis, Nashville, \$12; Lucinda McCart, Huron, \$8; Elizabeth Smith, Whiteland, \$8.

Weekly Payment Law Enforced.

Brazil, Ind., July 10.—The official board of the miners' union of this district met a committee of block coal operators Saturday and insisted on the latter's complying with the law recently passed, designating that incorporations pay their employees weekly. It is believed that the operators will stubbornly resist the law, as they say it would incur a useless expense, and be of no benefit to the men. The miners think differently, and will insist on the law being enforced.

Was Asleep on the Track.

Orleans, Ind., July 10.—John Brown of Paoli was killed two miles south of here Saturday night by a train. He was intoxicated and lying on the track asleep when the train struck him. He was 28 years old and leaves a family.

SIX PEOPLE KILLED

Almost a Whole Family Wiped Out at a Railroad Crossing.

Columbus, O., July 10.—All but one of the seven members of the family of William Reinhard of this city were killed, and the remaining one was badly injured, by a Big Four passenger train late yesterday afternoon. The dead:

WILLIAM REINHARD, aged 41.
RACHEL REINHARD, aged 40.
WILLIAM REINHARD, JR., aged 19.
ARTHUR REINHARD, aged 9.
EDWARD REINHARD, aged 7.
EDWARD REINHARD, aged 5.

Injured:

Clarence Reinhard, aged 14, collarbone broken.

The accident occurred at the crossing of the Big Four railroad, near the State fairgrounds. Mr. and Mrs. Reinhard and their five children were out for an afternoon drive in a surrey.

An eye witness of the accident said he saw the surrey crossing the tracks and at the same instant it was struck by the train. The vehicle was knocked into splinters and Mr. and Mrs. Reinhard and Arthur and Karl were killed outright. Edward and William were being removed to a hospital. Clarence sustained a fracture of the collarbone, but it is believed he will recover. The horse which was attached to the surrey was literally ground to pieces.

PLENARY COUNCIL

Of the Catholic Church May Meet in 1902.

Washington, July 10.—It is said at the residence of the apostolic delegate that the reports emanating in the west that a plenary council of the Catholic church in America would be held two years hence, are doubtless the outgrowth of the well known fact that these councils are held about every 20 years, and that two years hence will mark the 20-year period from the time of the plenary council of Baltimore, held in 1882.

The assembling of such a council is an event of unusual importance to the church. Before it can be held, however, there must be a due determination by the authorities in the country and the direction from Rome for the assembling of the council.

In case a council is to be held in 1902 it is thought the coming meeting of the American archbishops, which is to be held in Washington next October, might consider the matter and frame a petition to the Vatican. It is not known, however, whether such a plan is being seriously considered by the prelates, and the reports from the west are said to be conjecture which may or may not prove true.

KENTUCKY DEMOCRATS

May Hold Another Convention and Put a New Ticket in the Field.

Bowling Green, Ky., July 10.—Ever since the Democratic convention at Louisville two weeks ago, there has been talk of another Democratic state ticket. The anti-Goebel Democrats of Warren county are meeting here today. In the event of the initial movement here being taken up in other parts of the state, Hon. John D. Carroll, Colonel W. C. Breckinridge and ex-Governor J. Proctor Knott are spoken for the nomination for governor. So far, however, this movement is limited to certain localities.

Breckinridge Not a Candidate.

Lexington, Ky., July 10.—Aunt the story sent out from Bowling Green that the Democrats would hold a new convention to nominate a new state ticket, Colonel W. C. Breckinridge said last night: "I am not only not a candidate for the nomination for governor, but I would not accept a nomination for that or any other office from any party."

ENDEAVORERS

Utilized Detroit Streetcars, but Refused to Read Sunday Papers.

Detroit, July 10.—Although a large majority of the army of Christian Endeavorers in Detroit utilized the streetcars yesterday a considerable portion refrained from reading the Sunday newspapers. Few of the pastors who occupied the various Protestant pulpits went to the extreme of inconveniencing themselves by walking long distances as did Rev. Charles M. Sheldon, author of "In His Steps," who walked more than three miles to preach from the text "One is our master; all we are brethren." Mr. Sheldon spoke optimistically of the signs of the times and especially the awakening of the social conscience. The features of the afternoon were crowded meetings for men and for women, exclusively, and a Sabbath observance rally.

To Begin Recruiting.

St. Louis, July 10.—Captain H. K. Bailey, U. S. A., in charge of the recruiting station in St. Louis, received a telegram yesterday from the war department at Washington instructing him to begin recruiting today under the recent order of the president, that additional troops be raised for duty in the Philippines.

Believed to Have Been Kidnaped.

Atlanta, July 10.—Miss Henrietta Crapp, the 16-year-old daughter of a wealthy insurance man of this city mysteriously disappeared from the home of H. O. Underwood near the Soldiers' Home, four miles from Atlanta, Saturday afternoon. A party of 30 men, assisted by Atlanta detectives, have failed to find the slightest trace of the missing girl, and it is believed she has been kidnaped. Miss Crapp is the daughter of a wealthy lumberman, formerly of Lafayette, Ind.

Our Big Guns.

The largest projectile for the 13 inch the largest gun mounted on the warships of the United States navy, is 3 1/2 feet long and weighs 1,200 pounds. The projectile travels 30 feet before it leaves the muzzle of the gun, and in that distance is set revolving at the speed of 75 revolutions per second. The rifling inside of the gun consists of 52 spiral grooves, cut one-twentieth of an inch deep at the bore.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinal laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

ALTHOUGH the present prosperity is bad for the masses. But as long as there is plenty of work at good wages, the prosperity is good enough for the great majority of people.

IN the south it is reported that manufactures are increasing sixty per cent. faster than last year. Even though the south voted for free silver, it finds prosperity and the gold standard very good companions.

INDIANA women have been honored by the election of Mrs. May Wright Sewell, of Indianapolis as president of the International Council of Women, at London last week. This is the highest honor within the gift of the women's councils of the world.

GORELL is not likely to find smooth sailing in his race for Kentucky's governorship. His violation of all the ordinary rights of a delegate body in order to secure his nomination does not set well even with the democrats of the state and a revolt is threatened within his own party that will result in his defeat. A conference has been called at Bowling Green to consider the situation.

DIED.

SCHNECK.—Sunday July 9, after a lingering illness, Theresa, wife of Ferdinand Schneck died at the home northwest of Seymour. She was born in Bavaria, Germany, in 1845. With her parents she came to this country while very young and settled at Louisville, Ky. Here she was married to Ferdinand Schneck about 1863. They came to Jackson county in 1866 and settled on the farm where they have since resided. She leaves a husband, two sons, William, of Louisville, Charles Peter, of Seymour, three daughters, Mrs. Gus Wieneke of Seymour, Mrs. Adam Haas, and Mrs. Frank Stephens of Dayton, O. The funeral will be held Tuesday afternoon leaving the house at 2 o'clock and reaching the German M. E. church about 3 o'clock, and the remains will be interred in Riverview cemetery.

ABLE—Trecia, daughter of Samuel Able, of Redding township, died Saturday, July 8, of flux, aged 16 months.

I sincerely recommend it to any one afflicted with stomach or bowel trouble." For sale by C. W. Milbous.

REVOLUTIONARY RELICS.

Some Interesting Articles From Historic Boston.

Dr. W. E. Gerrish has received from a friend at Boston a half dozen nails taken from the roof of the old South meeting house at Boston which is one of the historic buildings of the east. During the Revolutionary war it was used by both American and British troops. The nails are all hand made and came from England many years ago. The roof is being replaced by a new one on account of its great age.

The doctor also has received a copy of the N. w Hampshire Gazette a five-column four-page paper published at Portsmouth, N. H., Tuesday Feb. 6, 1810, by W. Weeks, "printer to the state and printer of the laws of the United States." The type used is of the quaint style with the long "S." The advertisements are plain announcements with very little display type. It is an interesting relic of the early days of the century.

PASSING OF THE NIGHTCAP.

Our Catarrhal Troubles Are Largely Due to Its Abandonment.

"If the American people would only put on nightcaps when they go to bed, there would not be near so many cases of catarrhal trouble as there are now," said a Chicago physician. He continued: "It is well known that as a nation the percentage of catarrhal complaints is greater among us than in any other nation in the world and that there are more cases among men than among women. The reason for this disproportion is the absence of nightcaps and the habit of smoking in the open air. Women, if they smoke at all, do not do so in the open air, and if they do not wear nightcaps they are in a measure protected by their heavier heads of hair. Men, on the contrary, habitually wear their hair close cut, are careless about the temperature of the rooms in which they sleep, and while all the rest of the body is carefully protected the head may be exposed all night to a zero temperature and that at the very time when nature is at its lowest ebb and can do the least to protect itself. If we would begin by nightcapping all our children and induce them to keep up the habit in later years, within a generation or two catarrh would be a comparatively rare disease in the United States."

"Englishmen and the people of the continent know an American by two things—his liberality with money and his habit of hawking and spitting. They cannot understand the latter, as catarrh is an unusual complaint abroad. But nightcaps are not. They are a recognized part of the night toilet throughout Europe, and to this is due the freedom of the people there from a distressing complaint. "Who ever sees a nightcap in this country? But in England it is so much a matter of course that its great writer, Dickens, frequently mentioned it in order to give the proper touch of realism to his creations." — Chicago Inter Ocean.

BERMUDA ONIONS.

Reasons Why They Are So Popular in American Markets.

"Nowhere perhaps in the world are onions grown to such a state of perfection as in the Bermudas," said a wholesale produce merchant to a writer recently. "The balmy climate and rich soil of these islands, together with the careful methods of cultivation, have combined to produce an onion that, for size and flavor, is peerless. The vegetable will average from one-half pound to one pound and a half in weight. It is always sound, juicy and crisp, and these good qualities are so well appreciated by Americans that about 300,000 crates of the onions are annually shipped to the United States."

"Preparations to supply the markets of this country every spring with the vegetable are made early in January, and when gathered in March and April the onions are carefully selected and packed in crates, weighing, when filled, 160 pounds. The onions are then taken to the general receiving wharf, where they are subjected to a rigid inspection by government officers. If the quality of the produce is not good and any imperfect or decayed specimens are found, the farmer is made to pick the goods over and replace them. The onions are then packed in the crates and marked by the shipper they are loaded on board a steamship, which, after a voyage of 48 hours, lands them, principally in New York. Here consignments of from 4,000 to 5,000 crates, each containing 150 onions, are received semi-weekly. The vegetable is usually sold by the weight and is worth about 5 cents per pound retail." — Washington Star.

Hunting Marsh Hogs.

"Hunting wild marsh hogs is an exciting but somewhat dangerous pastime in southern Texas," said C. L. Fielden, of that state. "In the swampy lands along the gulf these wild hogs have their habitat, and to hunt them it is best to have several companions and numerous dogs that understand the ways of the ferocious porkers. The dog will find the game for you, bay it and hold it in check until you can take a shot or two. Then everything depends on your aim. If you succeed in piercing a vital part with your Winchester bullet, all is over except dragging the carcass to some convenient point where it can be handled."

"But dangerous is your position if your aim is a trifle defective and your shot only wounds the animal. Some good and true shooting must be done instantly then by you and your comrades, or else an infuriated boar will be rending you with his tusks. I have seen more than one of these old boars shot through the body 20 or more times and in that condition fight man and dog until several balls had been fired into his head."

"In the marshes there is no possible way of escaping an attacking wild hog except by killing him. The hunter can make no headway through the tall, rank grass and boggy soil, and there are no trees that offer him refuge. For these reasons he is compelled to kill his game when once it is flushed or become himself a victim. In the fall of the year these marsh hogs are fat, and their flesh is of a very pleasing flavor." — Washington Post.

The Gun Barrels Grew.

In the early days in the northwest, when the Hudson Bay company laid the foundations of great fortunes by trade with the savages, and a gun paid for as many beaver skins as would reach to the muzzle of it, the skins packed flat and the gun held upright, it was alleged that the barrel of the weapon grew and grew with each successive year until the Indian, after he had bought it with the peltry, had to borrow a file and cut off a foot of useless metal. — San Francisco Argonaut.

Coughed 25 Years.

I suffered for 25 years with a cough and spent hundreds of dollars with doctors and for medicine to no avail until used Dr. Bell's Pine-Tar-Honey. The remedy makes weak lungs strong. It has saved my life. — J. B. Russell Grantsburg.

A MYSTICAL NUMBER.

OMNIPRESENT SEEMS TO BE THE FATEFUL SEVEN.

From the Biblical story of the Creation Down to It Plays a Mighty Part in Folklore, Tradition, Superstition and History.

Clean birds by sevens,
Unclean by twos,
The dove in the heavens
Is the one that I choose.

But not only do the bird auguries go by sevens; the number plays a mighty part in folklore, tradition and history. Six days made the world, and God rested on the seventh day and hallowed it. In the seventh month Noah's ark touched the ground; in seven days a dove was sent out on the face of the waters. Abraham pleaded with God seven times for Sodom's sake before God smote the city of wickedness to her undoing.

Seven days Jacob mourned for Joseph and would not be comforted; seven years and seven Jacob served for Rachel, and in Joseph's governorship of Egypt the chief butler and baker dreamed dreams wherein seven fat oxen and seven lean oxen, seven ears of full corn and seven ears of withered corn played a prominent part and foreboded the 14 years of plenty and of famine that were in store for the Land of the Two Crowns, even the land of the house of bondage, the land of Egypt.

Every seventh day the law was read to the wandering children of Israel, and Jericho, the strong city, fell, wall and tower, when seven men had paced around it for seven days.

Solomon was seven years building the splendid temple, with all its glories of gold and cedar wood, turquoise and terebinth. There were seven lamps in the tabernacle, and the golden candlestick had seven branches.

Naaman washed himself seven times in the river Jordan before the healing water cleansed him of his leprosy. The Apocalypse is full of the mystic number, and on the cross our Saviour hung for seven hours, and from "seven" our Saviour spoke seven times.

The seventh son of a seventh son is a born doctor, according to Irish belief, but he must never take money for the cures he achieves, and to insure recovery he should be sought before sunrise or after sunset on Friday. "It is manifest by experience that the seventh male child, by just order (never a wean being born between), doth heal only with touching, through a natural gift, the king's evil; which is a special gift of God, given to kings and queens, as daily experience doth witness." There were seven wise men and seven wonders of the world; while the ancients not only noted the importance of seven as an astronomical period, but also connected the seven metals then known with the seven planets and the seven colors.

Thus copper belonged to Venus, and the color green; lead to Saturn, and the color blue; gold and yellow to the sun, and so on. The seven days of the week are connected with the seven planets, of whom the seventh is a lost star, and the seventh wave of a series is full of danger to ships, as every seventh year is to man. For seven years the mischievous sprite, Friar Rush, lived with the Seeland monks, beguiling the time by cutting oak cudgels, which, when struck on the ground, turned into soldiers armed cap-a-pie, and for seven years Prince Chamberlain looks for his lost bride, or Cap-o'-Rushes works disguised in the kitchens of the palace, or the forsaken princess tries to climb the glass mountain which lies between her and her lover, who has drunk of the water of forgetfulness. The seven sleepers are famous, and the number seven even comes into the employ of folk medicine. Water taken from seven streams where cresses grow will cure the jaundice, and seven twigs of aspen put under the patient's pillow will recover him from paralysis, and seven leaves of ivy will bring a careless lover back to your side and keep him there, and seven corns of wheat, eaten fasting, will heal you of the falling sickness, which is epilepsy, and seven mistletoe berries put in a bag of red silk and hung round your neck will protect you from sunstroke and elf bolt and preserve your feet from blisters, however far you walk.

It is not spring until you can put your foot on seven daisies at one and the same time, and seven hairs will keep the evil eye off children, according to an old Indian superstition, only the hairs, to be of any avail, must be plucked from the tail of an elephant—a difficult, a delicate and even a dangerous proceeding. At 7 years old all cats become possessed of witch's powers, and woe betide those who ill use or frighten puss when once she has acquired power of mischief! But let this not discourage the lovers of the nine lived one, for—

Wherever the cat of the house don't lack For seven years blow white, blow black, The lassies of lovers shall have no lack.

Seven years of ill fortune, according to a Sicilian superstition, follow her or him who kills a cat; therefore it were well to treat your feline followers gently, even though you love them not. But I might go on till the "seventh day from Latter Lammis" and still have something to tell. So here I make an end.—Nora Hopper in Illustrated London News.

Back and Back.

The Pittsburg Chronicle tells of a woman who dearly loves to use big words, and she does not always use them correctly. The other day a neighbor complained of incessant pain in her back, whereupon the user of big words said: "I would consult Dr. Pellets for pains in the back. He's the finest bacteriologist that I know of."

Lawn Party on Mrs. Pinkham's Grounds in Lynn, Mass., Under Auspices of W. C. T. U. Young Ladies.

RESIDENCE OF MRS. PINKHAM, LYNN, MASS.
Where the W. C. T. U. Ladies Recently Held Their Annual Lawn Party.

[FROM THE BOSTON HERALD, JUNE 15.]

A lawn party was held on the lawn of Mrs. Pinkham of Lynn, at a slight elevation from the road, is located Mrs. Pinkham's beautiful home, surrounded by four acres of spacious gardens and lawns, most excellent grounds for such an occasion as that of yesterday. Just across the road are the great laboratories and private correspondence buildings which have made the name of Mrs. Pinkham known in every home throughout the land.

It seemed as if all Lynn turned out to help the young ladies in their laudable object in keeping their drinking fountains about the city supplied with fresh ice water. There was a constant pouring of people until late in the evening, and it was long afterward when the last guest had a lingering farewell.

The grounds were exquisitely decorated with numberless Japanese lanterns and myriads of electric lights, alternating in red, white and blue. They were strung everywhere, from pillar to post, and the reflection could be seen from all parts of the city. Long rows of benches were stretched under the electric lights, and here the young ladies served ice cream to the visitors. There were also other refreshments and delicacies that tempted the appetites of the large number who made up the throng. The decorations were elaborate, and were shown off to great

advantage by the electrical display. An orchestra furnished music during the entire evening. The committee who has had the matter in charge have labored for its success for many weeks, and after hunting all over the city for a place to hold their party, decided that there was no place so suitable as the large grounds surrounding Mrs. Pinkham's home. When Mrs. Pinkham was asked by the ladies if she would give the use of her lawn for the purpose, she readily consented. She can always be counted upon to help along any good cause in which women are interested.

There were many guests present from the Woman's Christian Temperance Union in other cities, among them being Miss Tyler, state general secretary of the organization. People commenced to gather on the lawn soon after supper, and they were furnished with all sorts of amusements in the way of lawn games, such as croquet, ring toss, etc. There was also an exhibition of the X-ray machine, and there was a chance to peep through the telescope. Then the spectators were entertained by several standing pantomimes.

While the work was under the direct charge of the ladies of the temperance union, there was also one representative from each of the young people's societies connected with the several churches about town.

The First Anniversary.

It is just a year since the Chicago, Milwaukee & St. Paul road inaugurated its celebrated Pioneer Limited passenger train service between Chicago, Milwaukee, St. Paul and Minneapolis. This service marked the new era in the railroad world in the line of passenger accommodations. At a cost of a quarter of a million dollars that progressive company furnished the traveling public, in its Pioneer Limited train, comforts and facilities the best ever produced. This train has been described many times in newspapers and magazines, but should be seen and examined to be appreciated. In beauty of finish, richness and elegance of furnishing nothing equal to it has ever been attempted by any other road. The car builders were nearly a year in completing the Pioneer Limited trains (there are two—one leaving Chicago for the west and the other leaving the Twin Cities for the east every evening in the year) and they stand today a monument to the builder's art. No regular passenger train service in America is as well known as the Pioneer Limited. From the standpoint of passenger traffic the past twelve months have been the most successful in the history of the St. Paul road, made so very largely by the Pioneer Limited. The patronage of this service is a striking illustration of the fact that the public appreciates a good thing.

National Educational Association Meeting

For the meeting of the National Educational Association at Los Angeles, Cal., July 11-14, 1900, the Union Pacific will make the greatly reduced rate of one fare, plus 25, for the round trip. The excellent service given by the Union Pacific was commented on by all who had the pleasure of using it to the convention at Washington in 1898. This year our educational friends meet in Los Angeles, and members of the association and others from points east should by all means take the Union Pacific.

The service of the Union Pacific via Omaha or Kansas City is unexcelled and consists of palace sleeping cars, buffet smoking and library cars, dining cars, meals a-la-carte, free reclining chair cars and ordinary sleeping cars. The Union Pacific is the route for summer travel.

County Atlas.

The new county atlas being prepared under the direction of James Hennessey will be a valuable work for reference. The map of the county which it will contain will show all the roads in the county and every section, town and postoffice. There will also be a large map of each township in the county showing every piece of farm land and its owner. This work is being verified by representatives who drive over the county and see that the maps are correct. In the plates of the towns every lot will be shown and the number of feet frontage and depth given. Mr. Hennessey has been in this line of business for many years and the care which he uses in making the map insures accurate maps and a valuable reference work.

John Robinson's Great World's Exposition.

Probably the most colossal as well as the most nervy amusement venture of the day is that inaugurated this season by the management of the John Robinson show—a venture requiring an expenditure so enormous that a statement of the amount would scarcely be credited by the general reader. The visit of the Queen of Sheba to King Solomon's court with her immense and richly costumed retinue, the judgment of Solomon, the sacrifices in the Temple, Solomon's seven hundred wives, the grand processional Pageant to meet and welcome Sheba's lovely queen, the Walls and City of Jerusalem, the Inner Court of Solomon's Temple, the great throne of ivory, the sacrificial ceremonies, the sacred ark of the Covenant, the bewitching ballets of lovely Cresset girls, and myriad features that cannot be given in detail, are the attractions of this wondrous spectacle presents. The show will exhibit Seymour, Saturday July 15.

Mrs. C. J. Leidorf went to Dayton O., to visit friends and relatives.

[LETTER TO MRS. PINKHAM NO. 93,254]

"DEAR MRS. PINKHAM—For some time I have thought of writing to you to let you know of the great benefit I have received from the use of Lydia E. Pinkham's Vegetable Compound. Soon after the birth of my first child, I commenced to have spells with my spine. Every month I grew worse and at last became so bad that I found I was gradually losing my mind."

"The doctors treated me for female troubles, but I got no better. One doctor told me that I would be insane. I was advised by a friend to give Lydia E. Pinkham's Vegetable Compound a trial, and before I had taken all of the first bottle my neighbors noticed the change in me."

"I have now taken five bottles and cannot find words sufficient to praise it. I advise every woman who is suffering from any female weakness to give it a fair trial. I thank you for your good medicine."—MRS. GERTRUDE M. JOHNSON, JONESBORO, TEXAS.

Mrs. Perkins' Letter.

"I had female trouble of all kinds, had three doctors, but only grew worse. I began taking Lydia E. Pinkham's Vegetable Compound and Liver Pills and used the Sassafras Wash, and cannot praise your remedies enough."—MRS. EFFIE PERKINS, PEARL, LA.

"There is Nothing Hotter Than Heat, and Nothing Colder Than Cold."

Mix the two and you strike a Happy Medium. There is plenty of both in town. The Weather Clerk furnishes the Heat. Cox's Soda Fountain furnishes the Cold.

—YOU MIX THEM.—

The result is pleasing, and aids you greatly in living through the heated term. Prescription book of every description given careful attention.

A HOME INSTITUTION.

When you patronize the John Ebner Ice Company you are strengthening a factory that spends its money for wages in Seymour, thus keeping the money in circulation here instead of sending it out of town. Besides their ice is the very best quality and is delivered every day at your door.

DR. BELL'S Pine-Tar-Honey

"Ring out the old Ring in the new"
"Ring out the false Ring in the true"

We bring to you the new and true from the piney forests of Norway

DR. BELL'S Pine-Tar-Honey

Nature's most natural remedy, improved by science to a *Pine-Tar, Permanent, Positive* Cure for coughs, colds and all inflamed surfaces of the Lungs and Bronchial Tubes.

The sore, weary, cough-worn Lungs are exhilarated; the microbe-bearing mucous cut out; the cause of that tickling is removed, and the inflamed membranes are healed and soothed so that there is no inclination to cough.

SOLD BY ALL GOOD DRUGGISTS
Bottles Only. 25c., 50c. and \$1.00 Sizes

"The Nebraska-Colorado Express"
A NEW TRAIN.

From June 4th the Burlington Route puts into its passenger service for the Far West a new fast daily afternoon train from St. Louis for Denver, leaving St. Louis at 2:05 p. m., arriving at Denver at 6:20 p. m. One night en route. Direct via St. Joseph, Pintsch light equipment, vestibuled sleepers and the Burlington's famous chair cars (seats free).

Travelers arriving at St. Louis in the morning have several hours stop over privilege. This is the middle way, the scenic way, to the Pacific Coast.

Weekly California Excursions, personally conducted—on St. Louis every Wednesday night.

For details, ask your ticket agent or F. M. KUGG, Trav. Pass. Agent, St. Louis, Mo. L. W. WARELEY, Gen. Pass. Agt., HOWARD ELLIOTT, Gen. Man.

Beautiful Indian Springs.

This property has lately been secured by the Southern Indiana Hotel Co. The old hotel has been demolished and a new one is now in course of erection. This will be a magnificent structure with all modern improvements; but will not be ready this season.

There has always been more or less excursion business and parties who go there to enjoy the water. The dance hall, spring house, summer pavilion, bowling alley and club house have been left standing and may be used by excursionists and picnic parties.

To accommodate this business the Southern Indiana Railway will put in rates for excursion parties and picnics and has also arranged special Sunday train schedule, giving patrons along the entire length of the line an opportunity to spend the day at the Springs and return home the same evening.

H. H. ROSEMAN, G. P. & T. A.

Excursion to the Lakes. Cal., Penn via St. Louis, Ind.

June 24th to July 7th inclusive, for National Educational Association Annual Meeting, excursion tickets will be sold to Los Angeles, Cal., via Pennsylvania Lines; return coupons valid until September 5th. Additional information will be cheerfully given by local ticket agent of Pennsylvania Lines; or W. W. BLOCHARDSON, D. P. Agent, Indianapolis, Ind.
